FEATURES

The Cubito bathroom series honors the latest trends in bathroom equipment. At first glance, it surprises with its simplicity. The 450 mm long small washbasin ideally meets the needs of small bathroom spaces. For easier maintenance, the washbasin can be ordered with a specially developed surface treatment of JIKA Perla ceramics, which extends the lifetime of the product. This special water-repellent finish has exceptional hygienic properties that prevent dirt and scale. For the washbasin, we recommend the practical Cubito furniture, which offers a wide range of combinations of different types of base units and their surface treatments, and thanks to this, will generously complement the interior of your bathroom or the design siphon Mio or Mio Style in a modern black matte color. We provide an extended warranty of 10 years for JIKA ceramic products.

Cubito

The clean, modern shapes of the ceramics, bathroom furniture and each of the accessories are based on the straightforward geometry of current trends. In white, in a combination of glossy varnish and chrome handles, it is a timeless fashionable option. Of course, the luxurious Cubito line from JIKA is a perfect technical design with an emphasis on functionality.
